

# Education Beyond Disaster For Children Living with Disability

Ms. Annisa Rahma Jefi, Mr. Ikhsan Asi Saputra

Indonesian Delegation

Child Protection Agency and  
Child Forum of West Sumatra

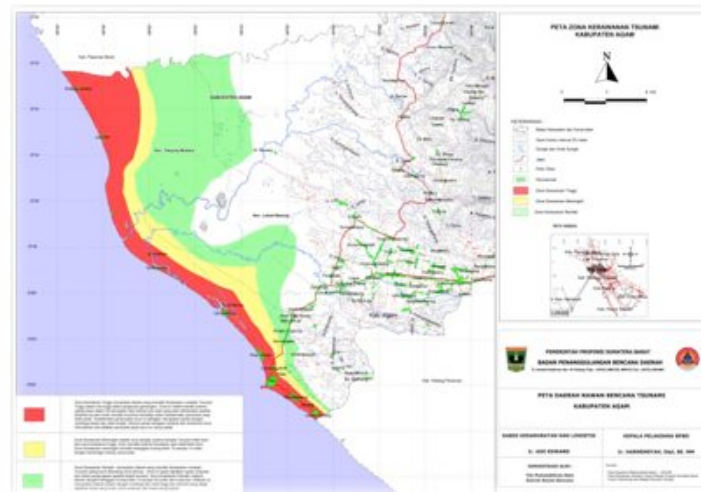

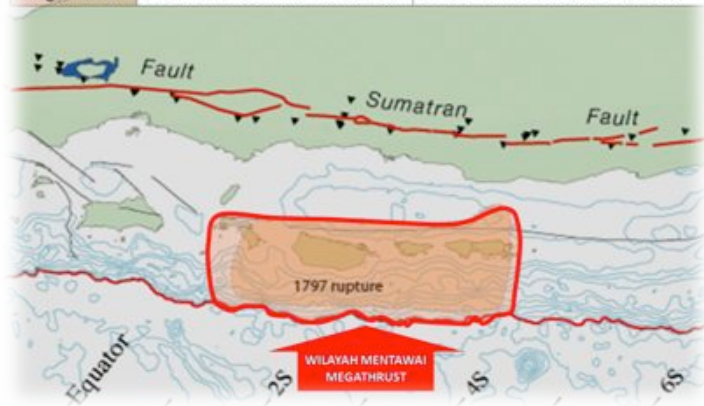

# Background...

- The Geography of West Sumatra, Indonesia.
- Is the largest number of child victims due to disaster.

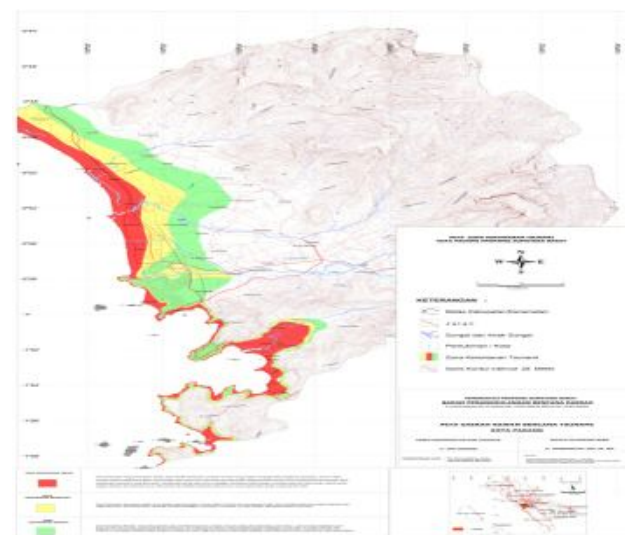

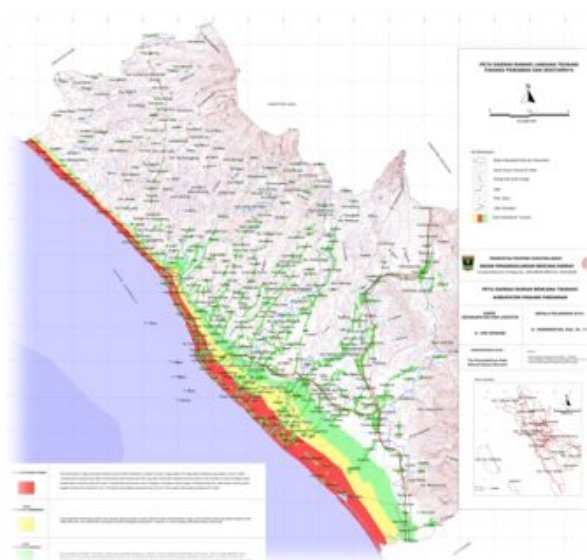

PUSAT GEMPA	DAMPAK GEMPA TERBURUK (>8 SR)	
	PESISIR SUMATERA BARAT	KEPULAUAN MENTAWAI
Mentawai	➤ KERUSAKAN FISIK RINGAN	➤ KERUSAKAN FISIK BERAT
Megathrust	➤ POTENSI TSUNAMI MERUSAK	➤ POTENSI TSUNAMI MERUSAK

Tsunami risk areas are marked in Red

# Types of Natural Disasters

We focus on ...

- Earthquake
- Tsunami
- Flooding

# Objective(s) and Project Justification

- Improve the preparedness of children with disabilities for natural disasters.
- Introducing natural hazards and the actions needed to teach independently when natural disasters affect the children with disabilities.

# Implementation Strategy..

- Survey locations where activities can take place
- Classify and prioritise disaster prone areas in the province of West Sumatra.
- Determine the learning material (save yourself when disaster, performing knowledge games related to natural disasters)

- Develop modules.
- Carry out planned activities with children
- Evaluation activities

# Beneficiaries

- 250 children living with disabilities are involved in this activity.
- Children with disabilities are able to save themselves without waiting for help from adults around him.
- People understand that children are the top priority in saving themselves when natural disasters.
- Through the survey, we will be able to make recommendations to existing stakeholders to inform the priority areas of natural disaster.

## Timeline Program

Start from November 2013 until December 2014

NO	Activity	Time Line														Notes
		Nov	Dec	Jan	Feb	Mart	April	Mei	Jun	Jul	Ags	Sept	Oct	Nov	Dec	
1	Make Proposal															
2	Fundraising															
3	Survey locations where activities															
4	Classify priority disaster prone areas in the province of West Sumatra.															
5	Determine the learning material (save yourself when disaster, performing knowledge games related to natural disasters)															
6	Make modul.															
7	Carry out planned activities. Evaluation activities															
8	Evaluation															
9	Closing Program															

□

# Budget Needed

Training and Socialization : 500 USD

Seminar KIT : 180 USD

Transportation : 100 USD

Publication : 150 USD +

Total : 930 USD

# Sponsorship
