I was born on December 6, 1995 in Manila, Philippines. I have a simple dream that motivates me every day to become a better person that I wanted to be. Because of that dream, I decided to pursue my studies and taken up Bachelor of Secondary Education Major in English at St. Paul University Quezon City. Currently I ma 3rd year, I will be the president of our Education Society for the school year 2014-2015.

As an English Major, I am starting to love books and newspapers. Through these I have learned a lot of things; like social issues and problems, these things had inspired me to go out of myself and explore to the world.

Truly, it is inspiring to be part of the Youth Looking Beyond Disaster Forum, I this taught and help me on how to plan and implement a program that will help people in different walks of life.
