

Eileen Claire A. Macapagal (Philippines)

(Email: ecamacapagal@gmail.com)

Eileen Claire A. Macapagal was born and raised in San Juan Ciy on August 17, 1991. She took primary and secondary education in St. Paul College of Pasig. She is currently a senior college student in St. Paul University, Quezon City studying for a Bachelor of Science in Biology and aspires to be a doctor in the near future.

She was a former delegate for LBD3 in Kobe, Japan, before LBD4. She believes that to be a true Filipino, is to serve and care for your neighbors. She believes that in order to change the world, change must start within.

She is currently the president of the American Society of Microbiology, SPUQC Chapter.
