

Mr. Hari Novar (Indonesia)

(Pharynovar@yahoo.co.id)

I am 19 years old and a 2nd year college student in Communication science, Muhammadiyah University of Riau (UMRI). I am currently busy in following the activities of students who are members of the Student Legislative board of UMRI.

I live in Maninjau, West Sumatra. I usually do my activity in Maninjau or Agam Regency, because I love my Province, I spent my time for study in Pekanbaru City. From elementary until Senior High Schools, I did in Maninjau or Agam Regency, I want to build my region to be better for social, politics and education. I also want to develop and provide all the knowledge I had learnt at my college.

I'd like doing writing, social activities and photography. When I was in senior high school, I often followed writing competitions and as author. I'm still active as a writer and photographer.

In addition to following the activities on campus, I am also following in social activities and which activities are the most important issues related to children and adolescents. because the principle in my life "Be fruitful man who always has little impact on the people around him". I also frequently socialized with children forum my place.

It my first time to join YPA. I came to YPA7, because I want to learn more about something that has many positive things, then I can apply them to manage myself, my organization, my environment, and maybe my country. Thank you and see you at the next YPA.
